HEAVY HARVEST OF PRINCIPAL FARM **CROPS FORECASTED**

Prospective Yield Larger Than Average of Last Five Years

CONDITION OF CORN NOT SO GOOD AS LAST YEAR

WASHINGTON, July 9 .- Foreeasts of heavy harvests of the country's principal farm crops marked the July report of the department of agriculture today. The prospective yield in most instances is larger than the average NO RECOURSE production for the five years 1914-18, while tobacco and rice production promises to be the largest on record.

Compared with last year's output this year's winter wheat, rye, corn, and hay crops give indications of being smaller. Larger crops than last year are forecast for spring wheat, oats, barley, white potatoes, flax and apples.

Thruout June better weather conditions increased the prospects of the output of every important crop. The eimprovement was reflected in a forecast of 28,-000,000 bushels more in the com- ward F. Goltra, Democratic nabined winter and spring wheat crop than estimated a month ago, 7,000,000 bushels more oats; 8, 000,000 bushels more barley and 2,000,000 bushels more rye.

The spring wheat crop is largbushels but the winter wheat crop is 114,000,000 bushels smaller, altho it is only 45,000,000 less than Tony Stuvesers a local capitalist the five year average production. Wheat of last year's crop remaining on farms July 1 was reported as 47,576,000 bushels or more for the allies to determine and not That added to this year's prospective productio nmakes available about 856,000,000 bushels of wheat which, according to officials of Living Bureau, who declared will be ample to meet domestic requirements and leave a surplus was a Republican." or export.

E. E. Crabtree and Henry Frisch Told About the International Meet at Atlantic City.

Reports from the international meeting of Rotary clubs at Atlan-Mayor Crabtree and Henry Frisch both told their impressions nen prominent in the third party cessful in their operation in the after attending a number of sessions and Dr. J. R. Harker, who spent a few hours at the convention, spoke more briefly.

Vincent Riley presided and the list of guests included Harry M. Ticknor, Pasadena, Cal., and F. L. Sharpe. Mr. Ticknor, a former told of his pleasure at again being among his old time friends in Jacksonville. Mr. Ticknor tho not a member of the Rotary organization, said he had reason to know what Rotary club pre dowork was of vast importance today, when the country needs as never before education for the

citizens of tomorrow. To Meet At Club House At the business session annonucement of special interest was that the club will meet next Friday at the Meredosia Bay Boys' club house. Rotarians will

Mr. Crabtree first gave some interesting facts about the convention assemblage. The number of clubs represented was 775 by 7070 registered in atendance. They represented 53462 Rotarians and 13 countries. The many addresses given dealt particularly with Americanism, loyalty to nation, state and city, and laid special about my wrongs. I've pawed emphasis upon boys' work. He around in noble rage, and shed related what other clubs are do-all kinds of brine; the right of ing in this line of work and the those who had my wage was no statements made gave proof that concern of mine. And now that the Rotary organization sees that I am gray and bent I cannot find there are great possibilities in settling the present day disturbing problems thru boy's work, which if well kept up, makes certain of stable, worthy citizenship later on

Mr. Frisch related a number of humorous incidents in connection with the trip from Chicago to the convention. He gave a vivid picture of the hospitality extended to Rotarians in the several cities visited en route, and declared that the mail or to make payment while he was wonderfully impressed in Atlantic City by the convention and its purposes, that as days passed and he turned back to the convention in memory, that its importance increased instead

The Possibilities of Rotary Mr. Frisch said that one could not attend such a convention and mix with the men present there without having a keener appreciation of possibilities of the lines of work to which the Rotary club is especially devoted. Deceased was married to Richard Coultas on Dec. 16, 1869, and the family home was on the Coultas farm four miles east of Winchester until the fall of 1905, after which the family resided in Winchester. Their happy married life extended over fifty years the golden wedding anniversary being celebrated in December, 1919.

Nine children were born to Mr. and Mrs. Coultas, two of whom, Letha and Mrs. Lena Burr, preceding their mother in death. The surviving children are Mrs. Frank Mason, Mrs. Edward Markille Robert Gasen, all of Winchester; Mrs. Dwight Obermeyer, Kansas City: Mrs. Andrew Allen, Chapin Oswald Coultas, Peoria and

Surviving are eight great brother, grandchildren, one Bernard Tankersley, of Stanley, Kans.; three sisters, Mrs. Mary Gibbs, Winchester; Mrs. Jess Johnson, Winchester and Mrs. Letitia Tankersley of Sedalia,

Mrs. Coultas united with the Methodist church of this city in early womanhood and retained her membeship until her death. She lived a beautiful life of unselfish devotion to family and friends. During her final illness covering the past few months, she showed a remarkable Visiting Committee-H. Janet degree of patience and fortitude, her entire life. Hupmobile

How fortunate it is for us that the men who founded this business, set out with the simple idea of trying to build the best car of its class in the world. That clear-cut determinaton has led them to adopt policies which are careful and conscientious, and manufacturing principles which are sound and substantial, The net result has been a most unusual and cordial relation between them and the public-pased on the confidence which people have learned to place in the Hupmobile and the company which builds it.

BULL POOLS HELD

UNDISPUTED SWAY NEW YORK, July 9. - Bull pools held undisputed sway during the greater part of today's active stock market session, their more confident manoeuvers in selected issues being attended by tered in the early and intermediate periods but these suffered material reduction in the final hour when call loans rose gradually from 7 per cent, the opening rate, to 10 per cent.

al element seemed based largely backs have lost none of their sigon an increasing conviction that credit conditions are tending toward easemet; also the belief that industrial and commercial condi-

tions are becoming more stable.

News that the German government had accepted the disarmament terms of the allies was another factor of sentimental importance. Trade authorities, in their weekly reviews dealt in de-tail upon the downward trend of staple commodity prices. Approximately 100 articles of common ise were lower by slightly more In addition to oils, motors and

specialties, independent steels, tobaccos and sugars. the day's trading again embraced rails of high and low degree at extreme gains of one to 61/2 points. Sales amounted to 900.000 shares. Absorption of new Armour notes offered further proof of a keen investment demand for new securities.

SELLERS HAD THE ADVANTAGE IN CORN

CHICAGO, July 9-Sellers had the advantage in the corn market most of the time today owing largely to correct opinions that he government crop report would be bearish. Prices closed heavy, %c to 1%c net lower, with September \$1.55% to \$1.55%, and December \$1.38% to \$1.39. Oats finished unchanged to 1/2 % down and provisions unchanged to 25c

Notwithstanding that many recent bears in corn were inclined to be conservative as a result of the big drop in prices of late, the continued liberal receipts here encouraged other sellers who were given a further stimulus by the auspicious nature of field advices, as well as by the generally accepted outlook as to the government crop report. About the midd'e of the session, however, market scored a sharp temporary upturn in connection with gossip that black rust was spreading in South Dakota and southern Minnesota, then the government crop again absorbed attention, and there was a rapid fresh descent of values at the last.

Oats were relatively firm because of meager receipts.

THOSE CHICAGO CHILDREN

Progress is being made slowly in the matter of securing places for the Chicago children. It does seem as if the great and wealthy county of Morgan and the populous city of Jacksonville ought to find places for sixty children for two weeks. Of course the Journal has no intention of preaching a lesson or doing any scolding but at the same time the unwillingness of people to do what they might seems to border strongly on the selfish. A determined effort is going to be made today and the first three days of next week to find places for the remainder of the sixvty. To that end lady solicitors with the social service manager will canvass the county. Different persons have pay more?
